

Appl. No. 10/628,905  
Supplemental Amendment

Remarks

Applicant gratefully acknowledges and thanks Examiner Tongue and Supervisory Examiner Smith for the courtesy shown to applicant's representatives, Frank J. Uxa and Greg S. Hollrigel, during the telephonic interview on January 4, 2006.

As discussed during the above-noted interview, applicant is submitting this Supplemental Amendment to properly identify all of the amendments that were previously made to independent claims 19, 23, and 24 in the Amendment filed on December 20, 2005. In particular, due to a word-processing error, the Amendment filed on December 20, 2005 failed to include underlining of the phrase "neuro" before the word "toxin" in each of the independent claims. By way of this Supplemental Amendment, all of the amendments to the claims relative to the previously pending claims (as submitted on February 17, 2005) are properly identified.

In addition, by way of the present Supplemental Amendment, claims 20 and 22 have been amended to be consistent with the amendments to claim 19.

Applicant submits that the present claims, that is claims 19, 20, and 22-24, are in condition for allowance. Should any matters remain unresolved, the Examiner is requested to call (collect) applicant's representative at the telephone number given below.

Respectfully submitted,

Date: January 4, 2006
